Villa Serenity

Where architecture becomes legacy

CHF 35'000'000.–

COLOGNY / GENEVA

Some residences are built to impress. Few are built to last.

Set within the hills of Cologny, facing Lake Geneva, this private estate is a rare alliance of contemporary architecture, privacy, and uncompromising craftsmanship.

VOLUMES

Light moves freely through generous volumes.

The villa holds both grand reception spaces and private quarters, multiple suites, a dedicated office, a wine cellar, and an indoor-outdoor flow built around a 14-metre pool. Natural stone, bespoke woodwork, leather, and floor-to-ceiling glass compose an atmosphere of quiet ease. Landscaped patios blur the line between architecture and nature.
